

INSTITUTION

Established in the year 1997 under the aegis of GMR Varalakshmi Foundation, GMR Institute of Technology is a self-financing Engineering college approved by the All India Council for Technical Education (AICTE) and **Accredited by NBA, NAAC with "A" & an ISO 9001-2008 certified Institution**, affiliated to Jawaharlal Nehru Technological University, Kakinada.

Located in Rajam, Srikakulam district of Andhra Pradesh, GMRIT provides its learning community state-of-the-art facilities, infrastructure and a competent faculty. The Institute encourages collaborative learning between industry and academia as a means of reinforcing its curriculum with practical and real world experiences.

OBJECTIVE

Over the last two decades, there has been tremendous growth in the development and application of signal processing algorithms. Rapid advances in communication Technology, computer and information technology have spurred unprecedented research activities not only in the classical statistical signal processing areas, but also in the emerging areas such as wireless communications, sensor signal processing, distributed signal processing, intelligent signal processing in DSP. It has attracted considerable attention due to advances in signal processing and communications. Though most of these advanced algorithms and methods are already in use in many applications, they are still out of the basic curricula.

On this ground, GMR Institute of Technology, Rajam is organizing a National Workshop on Recent advances in Signal Processing and communications during 21st – 22nd April, 2017. The primary goal of this workshop is to introduce some of the advanced topics like sensor network, spectrum management, Cognitive radio and communications to students, teachers, and industry professionals and to encourage scientific research within these areas.

RESOURCE PERSONS

- **Prof. G. Panda, IIT Bhubaneswar**
- **Prof P.Sri Hari Rao, NIT, Warangal**
